OEM Warranties

Excerpt from Reman FAQ produced by Dmitriy Nikolayev of the Commonwealth of Massachusetts

The Magnuson-Moss Warranty Act of 1975 prohibits an OEM from, as a condition of the warranty, requiring the use of their cartridge.

While using another brand of cartridge does not void a warranty, the OEM does not have to repair damage caused by another brand of cartridge. However, the remainder of the warranty still applies.

Only damage that is directly caused by another brand of cartridge is exempted from the OEM warranty. Under these circumstances, Laser Lab will repair the damage.
